SUNDAY SCHOOL RALLY

At Danville Sunday Was Great Success—Large Crowds Attending All Services.

The Sunday School Rally held at the Christian Church at Danville last Sunday was attended by a large concourse of people. The church was simply packed at the afternoon and night sessions, many being turned away on account of room.

Miss Lillie Faris addressed a large audience in the forenoon on Primary work. Her address was a splendid one and was highly appreciated by all present. The good ladies of that vicinity had provided a bountiful dinner which was served in the school house across the street from the church. More than 150 people from different points of the county were fed during the day and yet there was an abundance left.

Several splendid addresses were made at the afternoon session and many helpful suggestions were given as to the best methods of conducting a Sunday School.

L. L. Faris made an excellent address at the night session.

Homer Emery is the efficient superintendent of the school and is a wide awake and energetic young man.

Death of Alfred Cadwallader.

Alfred Cadwallader, who has resided near Willettsville for many years, died very suddenly at his home Sunday morning of heart trouble. Mr. Cadwallader was 80 years old and had been in ill health for several years.

Has Leg Amputated.

Isaac J. Miller, of Cincinnati, who has been promoting the project of erecting large dams at the Point, had his right leg amputated above the knee at the Deaconess hospital at Cincinnati Saturday. A few weeks ago while at the Point he contracted gangrene in one of the toes of his right foot. He was taken to Cincinnati and the toe amputated but this failed to stop the spread of the disease and Saturday's operation was a further effort in that direction. Although Mr. Miller is 78 years of age, he stood the ordeal remarkably well, but the outcome is still problematical.

Close of School at Chaney College.

Quite an interesting program was rendered at the Chaney College school Thursday evening. The first part of the evening was spent in spelling after which the pupils rendered a play "The California Uncle", which was very interesting, the players doing themselves "proud."

Excellent music was furnished by Messrs. Gibley, Gossett, Roush, McLaughlin and Ellis and Miss Mary McLaughlin.

The school closed Friday. An excellent school has been taught here by Robert Barker.

ONE WHO WAS THERE.

Sent to Reformatory.

The motion for a new trial in the case of the State of Ohio vs. Fred Reese, who was convicted last week of grand larceny, was overruled Monday by Judge Newby. At the request of the defendant's attorney, in which the prosecuting attorney concurred, Judge Newby gave the defendant an indeterminate sentence at the Mansfield Reformatory instead of sending him to the penitentiary. The length of time he will have to serve at Mansfield will depend entirely on his behavior. He will be taken to that institution the first of next week.

The land appraisers met at the Auditor's office yesterday to report on the progress they are making and to discuss the different problems that have arisen and for a general consultation.

W. H. Mullenix, principal of the Berryville schools, closed a very successful school at that place Monday. He was unanimously requested by the Board of Education and patrons to superintend the schools next year.

Prof. and Mrs. Paul S. Dietrick, of Lincoln, Neb., conducted a very efficient Sunday School Institute at the United Brethren Church. Many new pupils were added to the roll, and valuable service rendered to the Sunday School. The lecture recital given on Monday evening was highly appreciated.

A. M. E. Church.

On account of remodeling of the A. M. E. Church on West Pleasant street which commenced Tuesday morning, services will be abandoned at the church for a few weeks. All regular services will be held in the Court House, until remodeling is completed.

E. H. NEWSOME, Pastor.

CHRISTIAN ENDEAVOR RALLY

To Be Held in the First Presbyterian Church Here, Saturday, May 5.

One of the most interesting meetings to young people of Hillsboro and surrounding territory will be held in the Presbyterian Church on next Thursday evening May 5, at 7:30 p. m. The meeting is given by the Hillsboro District C. E. Societies, but a most gracious invitation is extended to young and old to attend this great service.

The Hillsboro District of the Highland County Christian Endeavor Union includes Lynchburg, Fairview, Mt. Olivet, Sharpville, Pricetown, Danville, Mt. Zion, South Liberty, New Market, Harriett, Bell, New Petersburg, Samantha, Dallas, Marshall, Allensburg and all intervening districts. Not all of the places mentioned have C. E. Societies, but delegates will nevertheless be present with view of gaining inspiration for young people's work.

Similar rallies will be held in Greenfield District, and the Mowrystown District on May 3 and 4 respectively. The music of the rally will be up to date. Several instruments will lead the good old C. E. songs and everybody will want to join in the song service.

D. A. Poling, of Columbus, will deliver the address of the evening and it will be well worth the hearing of a large audience. Mr. Poling is a forceful, fluent speaker and just the kind that interests. He is the Field Secretary of the State C. E. Union and in this position he is able to present a broad field of experience in young people's work. His address will be practical and helpful, no one can afford to miss the enthusiasm that is bound to come with Mr. Poling. He is recognized as one of the greatest workers and organizers among young people in the state of Ohio. He is also editor of the State Christian Endeavor paper, "The Ohio Endeavorer," a potent factor among the C. E. Societies of the state. His visit in the county is your privilege to hear a great young people's man.

In the absence of the county C. E. President, Rev. D. E. Tobias, who is a delegate to the National Missionary Congress in Chicago, DeForest Murch will present the county work and the need to be supplied in the country church with reference to organized young people's work.

The Presbyterian Church will be decorated. The mottoes of C. E. work will have conspicuous places on the walls and a map of the county work, together with the state and county aims will also be upon the walls. This is done to make the convention atmosphere prevalent. Each banner will be used during the evening.

Rev. J. H. Harris will be chairman of the evening. All denominations are most cordially invited to the services. Make this a big thing in young people's work of the county.

HORSE THIEVES CAPTURED

Who Stole Horse of John Scott, at Chillicothe Friday and Landed in Jail.

The bay mare, which was stolen from the stable of John Scott near Sugartree Ridge last Tuesday night, was located at Chillicothe last Thursday.

A description of the mare had been telephoned to the police of the neighboring towns and the chief of police of that city telephoned the officers of this place Thursday night that the mare had been taken in charge and the thieves arrested. Sheriff McMullen and Charles Shade, accompanied by Mr. Scott, went over to that city Friday and identified the mare.

The thieves, Charles Brittenham and Lee Drake, were brought to this city and lodged in jail. It will be remembered that Brittenham is the man who was arrested a few weeks ago on the charge of shooting at a man with intent to kill, while they were camping near the infirmary.

The preliminary hearing will be held before Mayor Nesbit Friday. Brittenham and Drake claim they can prove an alibi and be able to show that they purchased the horse.

VISIBLE TO NAKED EYE

Was Halley's Famous Comet For the First Time Last Friday Morning.

Halley's comet was visible Friday for the first time with the naked eye, and Prof. J. G. Porter and his assistants at the Cincinnati observatory had a clear and distinct view of the heavenly visitor. The clear sky also enabled them to get measurements and make observations that have been marred heretofore by banks of clouds.

Prof. Porter estimated from his measurements that the diameter of the comet is about 30,000 miles. The entire tail of the comet was not visible, but its length was traced for more than 1,001,000 miles. Prof. Porter thinks that it is much longer than that.

The best view of the comet was obtained exactly at 4:15 a. m., shortly before dawn, and it was dimly visible to the naked eye.

Gentry Brother's Shows.

A genuine treat is in store for those who profess to have knowledge of who is who in the show world when the Gentry Brother's All New Feature Shows exhibit in Hillsboro Monday, May 2, and erect their enormous tents. They will find this wonderful moving city of enchantment a big factor to be reckoned with in all future deductions and by process of elimination undoubtedly place them in the first ranking position among the big ones in the tented field. From a trained animal show they have become a many-featured gigantic movement enterprise which in breadth of scope and from the standpoint of originality of conception, is without counterpart in the world today.

In the first place there is a circus equally as large without its auxiliary attractions as any other show of similar character and with the advantage of presenting new faces and new acts that have never been seen before. The circus performances are as complete and perfect as brains, capital, ingenuity and talent can make them. A hundred artists of both sexes and with international reputations represent every known class of acrobatic performers, and each and every one is a star in his or her respective line. There are companies of troupes of aerialists and acrobats; equestrians and equilibrists; leapers and tumblers, and clowns and contortionists. There are premiers and corymbes in dancing, divertissement and artistic ensembles; inspiring and beautiful tournaments and thrilling races. A constant quest for novelty has been prodigiously fruitful of results, with the consequence that there are presented more startling so-called feature performances than have ever been seen before.

An interesting adjunct is the wonderful trained beast exhibition which forms an important part in this many featured enterprise. Here-tofore, with alluring aids, this trained animal organization has divided attention with the largest traveling tented amusement enterprises and indelibly impressed itself on the public mind as the most remarkable exhibition of the character ever presented. There are startling new groups and sensational surprises in these trained animal performances, which have never been equaled for daring and originality. Besides these many European novelty exhibitions and Oriental expositional features that in themselves would compose several ordinary tented organizations, are presented for the delectation and amusement of this circus-loving public.

Mrs. Wm. Kent is the guest of her daughter, Mrs. Sanders Fanning, at the power house.
